Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 25 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with sunny spells today. Less warm than Saturday.

Today:
After a chilly start, it will be mostly fine and dry with sunny spells. Perhaps a little more cloud at times in some eastern coastal areas. Less warm than on Saturday, especially along the east coast, where feeling chilly. Maximum temperature 13 deg C (55 deg F).

Tonight:
It will be fine and dry with clear spells overnight. Turning chilly with frost and isolated fog patches forming in some rural spots. Patchy cloud along the east coast. Minimum temperature 2 deg C (36 deg F).

Monday:
Dry and bright start on Monday. Turning a little cloudier from the north during the afternoon, with risk of isolated showers, mostly on hills. Feeling little warmer than on Sunday. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:
Less settled and colder, with some rain or showers spreading erratically southwards during the period. The showers are likely to be more widespread on Wednesday and Thursday. Some chilly nights.
